

POLICY DOCUMENT

FEES POLICY

1 Purpose and Scope

This policy applies to all students (domestic and international) enrolled at the College and provides a broad framework regarding the administration of fees at the College.

SCOPE

This policy applies to:

- All domestic students
- All international students

Tuition fees for domestic students are governed by the Higher Education Support Act 2003. Tuition fees for international students are governed by the Education Services to Overseas Students Act 2000 (ESOS Act 2000) and the National Code of Practice for Providers of Education and Training to Overseas Students 2018 (National Code 2018).

2 Policy Statement

All students enrolled in a course at the College are expected to pay their tuition fees in full each teaching period of their enrolment.

Tuition fees for domestic and international students are reviewed annually and published on the College website.

The tuition fee amount which a student is required to pay for a given teaching period is determined by the student's unit enrolments at the teaching period's census date. The student is liable for the tuition fee charges of the units enrolled as at census date regardless of the student's academic performance in the unit(s). Unit and course fees are not transferrable to other students.

Tuition fees may be paid using the following methods:

- FEE-HELP Loan Scheme (for eligible domestic students). See Section 2.1
- A combination of DIRECT and FEE-HELP payments (for eligible domestic students). See Sections 2.1 and 2.2
- DIRECT PAYMENT to the College. See Section 2.2

Miscellaneous fees and charges not directly related to tuition may be incurred during the candidature of a student. These fees must be paid directly to the College.

2.1 FEE-HELP

2.1.1 Nature of the FEE-HELP Scheme

FEE-HELP is an Australian Government loan scheme which assists eligible students to pay their tuition fees up to a lifetime limit. FEE-HELP is only applicable to accredited Higher Education qualifications delivered by the College.

A student accessing the Australian Government's FEE-HELP Assistance scheme to help cover the payment of their tuition fees will incur a FEE-HELP debt with the Australian Government. The Australian Taxation Office (ATO) manages FEE-HELP debts.

The Australian Government applies a loan fee to FEE-HELP loans undertaken for undergraduate courses. Postgraduate units do not incur a FEE-HELP loan fee. FEE-HELP loan fees do not count towards the FEE-HELP (HELP) limit.

Students commence the repayment of their FEE-HELP debt to the Australian Government once their income reaches the minimum payment threshold for compulsory repayment. All FEE-HELP debts are subject to indexation applied on an annual basis by the Australian Tax Office (ATO) for debts older than 11 months. Any indexed amount does not count towards the FEE-HELP (HELP) limit. FEE-HELP loan fees, income thresholds and HELP debt indexation rates are subject to legislative changes. Further information can be found at <https://studyassist.gov.au>

2.1.2 FEE-HELP Eligible students

A student is eligible for a FEE-HELP loan to pay all or part of the tuition fees for a course being undertaken at ACPE if the student:

- a) is an Australian citizen who will be studying at least part of the course in Australia, or is the holder of a permanent humanitarian visa who will be residing in Australia for the duration of the unit(s), or is a New Zealand Special Category Visa (NZ SCV) holder who meets the specific NZ SCV residency requirements for HELP loans and who will be residing in Australia for the duration of the unit(s);
- b) is enrolled in an eligible unit in an eligible course on or before the census date for the unit and remains enrolled in the unit immediately after the census date;
- c) is not a Commonwealth supported student in relation to the unit;
- d) has submitted a completed Electronic Commonwealth Assistance Form (eCAF) on or before the census date of the unit/s;
- e) has supplied to ACPE, on or before the census date, a valid Unique Student Identifier (USI) and Tax File Number (TFN);
- f) has not undertaken more than 2 years' worth of higher education study in the last 12 months, unless assessed as capable of taking on a higher study load;
- g) has not exceeded the FEE-HELP (HELP) limit on or before the census date; and
- h) for students who commence a course of study on or after 1 January 2018, must have maintained a 50% pass rate (in their first 8 units in the Bachelor or Graduate Diploma courses; or in their first 4 units in the Diploma or Associate Degree courses), and continue to maintain this minimum pass rate for the duration of their course, to remain eligible to access a FEE-HELP loan.

Eligible students choosing to use the FEE-HELP loan scheme must complete an Electronic Commonwealth Assistance form (eCAF) on or before the census date of the teaching period in which they wish to access a FEE-HELP loan for the first time. It is the student's responsibility to ensure that he/she meets the requirements to access a FEE-HELP loan for the relevant teaching period. In submitting the eCAF, students declare that they are aware of their obligations under the program. Copies or facsimiles of the Commonwealth Assistance form are not acceptable.

As part of the application process, a student is required to provide the College with his or her Unique Student Identifier (USI) and Tax File Number (TFN) so that FEE-HELP debts can be properly notified to the Australian Taxation Office (ATO).

A student who has obtained a FEE-HELP loan toward his or her unit enrolments in an ACPE course does not need to submit a new eCAF to obtain a FEE-HELP loan for future unit enrolments in the same course. If the student commences a new ACPE course

or transfers to a different ACPE course, the student must submit a new eCAF to continue accessing a FEE-HELP loan for their unit enrolments in the new course.

Students will be responsible for DIRECT PAYMENT of their tuition fees if the completed eCAF is not submitted by the census date of the relevant teaching period.

2.1.3 Notification that a FEE-HELP debt has been incurred

As soon as the census date has passed, the student's FEE-HELP loan amount and the applicable FEE-HELP loan fee is applied and the student incurs the FEE-HELP loan debt with the Australian Government.

A student who withdraws from a unit on or before the census date set for the unit is not financially liable for the unit and will not incur any FEE-HELP debt for the withdrawn unit. A FEE-HELP debt cannot be transferred or deferred to another unit.

A student who withdraws from a unit after the census date is legally financially liable for the tuition fee of the unit. The DIRECT PAYMENT amount and/or FEE-HELP assistance debt, (including any FEE-HELP loan fee) applied to the unit withdrawn post-census-date shall remain the same as those that had been applied to that unit at census date. A unit withdrawal after the census date will also result in a fail grade for the unit.

In each teaching period the College will issue a Commonwealth Assistance Notice (CAN) to each student in receipt of a FEE-HELP loan for any unit in which he or she is enrolled. The Commonwealth Assistance Notice (CAN) will be issued within 28 days of the earliest census date indicated in the notice.

The information contained in the Commonwealth Assistance Notice (CAN) will be in accordance with the Higher Education Support Act 2003 Administration Guidelines, and include, among other information: details on the total amount of upfront (direct) payment; the total amount of FEE-HELP assistance, the total amount of the FEE-HELP loan fee, and the total amount of FEE-HELP debt for any unit enrolment in the teaching period for which the student's tuition fee is being discharged by a FEE-HELP loan. The student's Commonwealth Higher Education Student Support Number (CHESSN) is listed on the Notice.

A student who considers that the information contained in the Commonwealth Assistance Notice (CAN) is not, or has ceased to be, correct, may request a correction

of the Notice in writing to the Registry Office, within 14 days after the day the notice was given. The College has the discretion to waive this requirement if the College is satisfied the request for a correction could not be made within the time limit.

A student who has a FEE-HELP Loan balance is able to obtain information from his/ her [myGov](#) account to check how much the student owes and any repayment made. The [myHELP portal](#) will show the student's available HELP balance by supplying his/her CHESSN and other login requirements.

A student may apply after the census date to have a unit with a FEE-HELP balance re-credited and associated grade penalties reversed if the student has been unable to complete the requirements of the unit and the student believes that this was due to special circumstances. Further information may be found in the *Remission of Financial Liability due to Special Circumstances Policy*.

2.2 DIRECT PAYMENT

The following students will be required to make their tuition fee payments directly to the College as DIRECT payments and will be invoiced accordingly:

- all international students
- students who do not meet the FEE-HELP eligibility requirements
- FEE-HELP eligible students who choose to access FEE-HELP for a portion of their full tuition fee amount and DIRECT PAYMENT for the other portion of their tuition fee amount
- FEE-HELP eligible students who have not submitted their electronic Commonwealth Assistance Form (eCAF) by the census date or who have not supplied their Unique Student Identifier and Tax File Number information by the census date.

2.2.1 Notification that a tuition fee charge due by direct payment has been incurred

As soon as the census date has passed, the student's tuition fee amount will be calculated and an invoice will be issued to the student's ACPE email address. Payments are required by the Friday of the week following the census date.

2.2.2 Payment of Fees

Students who have not settled their account or agreed on a payment plan on or before the end of the teaching period will remain liable for the total unit fee. Outstanding course fees, including all recovery costs, will become due and payable immediately. A student who does not complete the enrolled unit's requirements remains liable for the full payment of the unit fee.

It is the responsibility of the student to be familiar with the requirements of fee payment under this policy and to pay fees in line with those requirements.

Payment of fees will not be accepted for any more than one (1) academic semester in advance.

The College accepts the following payment methods for direct payment of fees:

- Deposit to the College's bank account
- Using a third party payment facility as approved by the College
- By EFTPOS in person at the College campus
- By Debit or Credit card (not Amex or Diners Club) in person at the College campus or over the phone
- By cheque payable to the Australian College of Physical Education.

Students may pay in full on the first Friday after census date or make a payment plan arrangement with the College. Students are liable for any bank fees and charges associated with dishonoured cheques, credit cards or bank transfers.

A student who does not complete an enrolled unit's requirements remains liable for the full payment of the unit fee.

Students who do not settle their account by the due date will remain liable for the total unit fee. Full incurred course fees, including all recovery costs, will become due and payable immediately.

Students may be referred to a debt collection agency if they have outstanding fees.

Tuition fees are protected by a fair and reasonable refund policy where cases of special circumstances apply. Non-payment of fees as outlined in this policy may result in restrictions being imposed, unless students have applied for consideration under *Remission of Financial Liability due to Special Circumstances Policy*.

2.3 INTERNATIONAL STUDENT FEES

The College defines an International Student as someone who is **not** any of the following: an Australian citizen or permanent resident or a New Zealand citizen or a permanent visa holder (including a diplomatic or consular representative of New Zealand, a member of the staff of such a representative or the spouse or dependent relative of such a representative). All international students pay fees specified for international students, regardless of visa subclass.

The College reserves the right to charge different fees to international students and domestic students. The amount which an international student is required to pay is determined by the student's unit enrolment for the teaching period.

Tuition fees cover the cost of tuition only. Tuition fees do not cover registration fees, books, uniforms, equipment or the Overseas Student Health Cover (OSHC) that international students need to obtain for the duration of their studies. Fees for courses of study and information about all other compulsory fees associated with a course of study are provided in College marketing materials and on the College website.

International students must ensure that their payment includes any bank transfer fees.

2.3.1 Commencing international students

The College accepts payment of commencing international student fees by bank transfer or through the College's approved third party payment facility. International students must pay at least 50% of their first teaching period's tuition fees before the College will issue a Confirmation of Enrolment (CoE). A CoE will only be issued once the College's Finance Department has confirmed that the funds have been deposited into the College's operating account. This requirement is included in the letter of offer and the written agreement issued by the College. Tuition fees must be fully paid by the commencement of their first teaching period.

Fees for commencing international students will be governed by the tuition fee rates approved at the time their offer was issued by the College and as signed in their written agreement with the College. As tuition fees are subject to change and are reviewed on an annual basis, fees may change if an international student defers his/her course start date.

2.3.2 Continuing international students

Continuing international students must pay their tuition fees by bank deposit, credit card payment (in person or over the phone), or EFTPOS (in person or over the phone), or through the College's approved third party payment facility .

The ESOS Act, National Code of Practice for Providers of Education and Training to Overseas Students 2018, Standard 9 requires the College to make a report to the Department of Home Affairs in cases where an international student has not paid their required tuition fees, or has not re-enrolled as a continuing student. This report will notify the Department that the international student's enrolment has been cancelled. The College will advise the international student of its intention to make this report and allow the student to access the College's appeals and complaints process. An international student will have 20 working days to access the appeals and complaints process.

An international student whose visa status changes to an Australian permanent visa while studying at the College must notify the Registrar's Office immediately and provide supporting evidence of the change. The deadline for students to convert from international to domestic category due to a visa status change is the census date of each teaching period. Students who convert after the census date will still be classified as an international student for the remainder of that teaching period and will be considered a domestic student for any subsequent teaching period. Students who convert from a student visa to another temporary visa class remain liable to pay international student fees, and will be subject to the relevant restrictions of their new visa.

2.4 RESTRICTIONS

Students with outstanding DIRECT PAYMENT tuition fee amounts which remain unsettled by the end of the teaching period may be subject to the following restrictions until their accounts have been settled:

- Results and grade notifications may be withheld;
- Re-enrolment into further units may be denied and course progression halted;
- Academic documents such as academic transcripts, letters of completion, statements of attainment and eligibility for graduation will be withheld.

Restrictions may be reviewed and payment extensions granted where compassionate and compelling circumstances have been satisfactorily

demonstrated by the student.

2.5 WITHDRAWAL OF UNITS POST-CENSUS DATE

If a student is enrolled at the College and withdraws from an enrolled unit before the census date for that unit, the student will not incur a tuition fee charge or FEE-HELP debt for the unit. A student must submit the appropriate withdrawal form, in writing, to the College and have the unit withdrawal officially recorded by the College on or before the census date of the relevant teaching period.

Where a student remains enrolled in a unit after the census date and does not complete the unit, the College may cancel the tuition fee charge or remove the FEE-HELP debt for the unit if:

- The College is satisfied that the student has demonstrated that special circumstances as defined in the *Remission of Financial Liability due to Special Circumstances Policy* apply;
- The student has supplied sufficient and valid independent supporting documentation of the special circumstances; and
- The application is received within 12 months of when the unit(s) were officially withdrawn or within 12 months of the end of the teaching period for the unit(s).

The College may waive the 12-month application period if it is satisfied that the student has demonstrated with sufficient and valid independent supporting documentation, that he/she was incapable of making the application before the end of that period.

Decisions relating to the remission of financial liability will be made according to the *Remission of Financial Liability due to Special Circumstances Policy*.

2.6 PUBLISHING FEES

Tuition fees are set by the College Board of Directors through the annual financial budgeting process. Tuition fees for courses offered to domestic and international students are made available on the College website each year.

Fees are subject to change throughout the life of the course. If a course fee changes

by more than 10%, students will be notified of the fee increase in writing before the start of the course or relevant teaching period

2.7 TUITION ASSURANCE

2.7.1 Domestic Students

Tuition assurance protects students in the event a course of study provided by an approved HELP provider ceases to be provided after it starts but before it is completed.

The Australian Government's Tuition Protection Service (TPS) provides tuition protection assistance for international students and domestic students accessing a FEE HELP loan. From 1 January 2021 the TPS has been extended to domestic higher education students who pay their course fees directly to the provider.

This follows the extension of the TPS in 2020 to domestic students at private institutes of higher education who pay their student contribution amounts and/or tuition fees using [FEE-HELP](#) loans.

Further details about the Australian government's Tuition Protection Service (TPS) can be found at: www.tps.gov.au.

2.7.2 International Students

Course fees for international students studying on an Australian student visa are protected by the Tuition Protection Service (TPS) under the ESOS Act 2000. The aim of this protection service is to ensure that students receive the tuition they have previously paid for or, as a last resort, a refund.

The legislation sets out what happens when a registered higher education institution or an overseas student or intending overseas student defaults (that is, when a provider fails to start or finish providing a course to a student, or a student fails to start or finish a course with an institution). Further details about the Australian government's Tuition Protection Service (TPS) can be found at: www.tps.gov.au.

2.8 MATERIAL FEES AND OTHER CHARGES

Textbooks are required for many units at the College. A textbook list is published on the College website and in each unit outline. Students are encouraged to purchase these textbooks at a retail outlet as limited numbers are held by the College Library

and access to the resource may be limited during peak times in each teaching period.

There are other fees and charges which may apply during the student's course enrolment such as:

Working with Children Check – all students enrolled in a course which involves practical placements in schools or placements which involve contact with children will be required to obtain a valid working with children check at their own cost and provide proof that the check has been completed prior to commencing any practical placement.

University Games - students are encouraged to participate in university sporting activities during the academic year. Students wishing to participate must pay registration fees and purchase ACPE uniform items. Students are required to organise their own transport to the venue(s). Students are also required to pay fees associated with any accommodation arranged by the College.

Academic transcript - fees apply for the issue of the academic transcript prior to the student's completion of the course and for the re-issue of the document after a final academic transcript has been provided on course completion

2.9 REFUND OF FEES

Tuition fees are protected by a fair and reasonable refund policy where cases of Special Circumstances apply.

Refunds are managed in accordance with the *Refund Policy –Domestic and International Students*.

3 Definitions

- **Census date**

The date when a student's enrolment in a unit is finalised and the student's financial liability for the enrolment is determined

- **Commonwealth Assistance Notice (CAN)**

A notice issued to students who incur a financial HELP debt at a census date.

- **Direct Payment of Fees**

Tuition fees paid directly to the College by a student.

- **Domestic student**

An Australian citizen or permanent resident in Australia, or a New Zealand citizen or permanent visa holder for New Zealand (including a diplomatic or consular representative of New Zealand, a member of the staff of such a representative or the spouse or dependent relative of such a representative).

- **FEE-HELP**

A Commonwealth Government loan scheme that assists eligible fee paying students pay all or part of their tuition fees.

- **FEE-HELP (HELP) limit**

The total amount of FEE HELP a student can use over their lifetime is known as the 'FEE HELP limit'. From 1 January 2020, a combined HELP loan limit will replace the FEE-HELP limit and will include FEE-HELP, VET Student Loans, VET FEE-HELP and HECS-HELP. Any FEE-HELP loan that counted towards the student's FEE-HELP limit will now count towards the new HELP limit.

- **International student**

A student who is not a domestic student (as defined above) and includes students on temporary resident visas.

A continuing international student is an international student who has completed at least one semester or teaching period at the College.

A commencing international student is an international student who has enrolled to commence a course at the College.

- **Student**

An individual who is formally enrolled to study at the College and is assigned an individual student identification number.

- **Unit**

Means the smallest stand-alone component of a student's award course for which a grade is assigned on a student's academic transcript.

- **Teaching Period**

A period of time in which a unit is offered and which has a commencement date, census date and end date.

- **Tuition Fee**

A fee paid for the teaching of a unit undertaken in the College.
