World-class facilities within a thriving campus community

Dive into an immersive and unparalleled education experience.

HOW TO APPLY

Once you are accepted into your course of choice at ACPE, lodge your application for the Elite Athlete Program.

TESTIMONIAL – TAYLOR RAY

What do you enjoy most about being a part of the ACPE Elite Athlete Program?

What I enjoy most about the Elite Athlete Program is the broad variety of professional athletes you can engage and collaborate with, to further your sporting knowledge.

What motivated you to choose ACPE, and why would you recommend it to other student athletes?

I chose ACPE due to their ability to provide a flexible and supportive environment to athletes who are passionate not only about performing on the field but also off the field. ACPE's passion and desire to help you succeed in both sport and your career was the highlight for me, and why I chose to come here.

What support is offered to you as part of the Elite Athlete program?

Being a part of the Elite Athlete Program has many benefits, from scholarships to financial assistance, as well as having flexible exam/assessment changes due to away games. There are also options to prefer unit times and days due to training schedules, and the one-on-one support. Overall, ACPE have amazing people who want the best for you in your elite profession and will assist in helping you reach your goals.

What do you believe sets ACPE apart from other educational institutions?

What sets ACPE apart from the rest is the fact that it is a smaller community where you get the opportunity to meet and work alongside a variety of peers. Students and lecturers alike provide you with the best chance to succeed. The combination of practical education and studying in an environment where the main goal for most students is to be a part of the health industry allows for greater networking opportunities and building of relationships and connections.

TESTIMONIAL – ISAAC CUMMING

What do you enjoy most about being a part of the ACPE Elite Athlete Program?

The thing I enjoy about studying at ACPE as part of the elite athlete program is being educated by lecturers and teachers who have a significant sporting background. They are very understanding and accommodating when it comes to balancing study and sport as they were once in similar positions.

What motivated you to choose ACPE, and why would you recommend it to other student athletes?

I'd recommend it to other elites because of the recourses and support that is available to you, make completing and passing units whilst being an elite athlete, achievable.

What support is offered to you as part of the Elite Athlete program?

The support from the lecturers and head of departments is amazing. At times where I've felt like I can't complete a unit because my job as an athlete is the priority, they have put things in place where I can still complete the unit at a less stressful time.

What do you believe sets ACPE apart from other educational institutions?

What I enjoy most about the Elite Athlete Program is the broad variety of professional athletes you can engage and collaborate with, to further your sporting knowledge.

FAQs

- 1. Do I have to play a particular sport?**
No, we encourage all students with elite sporting commitments to apply. We have a wide range of athletes currently on our program - footy, athletics, gymnastics - you name it!
- 2. Do I have to play for ACPE?**
We would love you to, but we understand that elite athletes have a hectic training schedule, and they are required to give their full commitment to their club.
- 3. Do I have to be enrolled in a particular course?**
Not at all, our elite athletes can enrol in a course of their choice.
- 4. Do you support international students?**
Absolutely!
- 5. Do I have to study full time?**
No, we support our elite athletes with what works for them regardless of their unit load.
